PAGE 1 / 1

This Amendment is in response to a 2nd RQ-2 -- a duplicate request to the one dated 9/27/13 which was already responded to on 9/30 with an ammendment and clarification. This amendment is to further clarify that invested funds originally reported and in the 5/20/13 filing was an internal transfer of funds (originally coded as 'Other Disbursement') - these funds are part of cash on hand figures and not a disbursement - therefore, this amendment correctly reflects the record for the ending cash on hand of \$68,359.11. An amendment was originally prepared on 5/20/13, however it never transmitted to the FEC due to a filing ID error. The filing ID issue was corrected and transmittal of this ammendment was made on 9/30/13 in response to the RQ-2 dated 9/27/13, and now re-submitted again on 12/3/13, in response to the duplicate RQ-2 dated October 29, 2013.

No amendment to subsequent filings was necessary because the issue was corrected in the database on 5/20/13 and prior to the next filing; therefore, the beginning cash balance for June 20th Monthly was correctly reflected at \$68,369.11.
